Why Premium

It's all in the art!

Jayden spends more time planning & getting to know each couple resulting in a stunning cinematic record of your special day. "We get to know the couple & use whatever equipment is necessary to create the vision the couple is after". Jayden represents years of experience in wedding videography, creating emotive and visually stunning films. His work has been displayed on Foxtel, Sony TV and more. Jayden's style is candid resulting in natural shots where the couple feels comfortable. We use a range of Hollywood style motion equipment to achieve the movie style shots everyone has come to love. Watch a sample Short Films on our website to see what Premium is all about.
